

## Product Movement/Stocking & Customer Service

We are seeking a versatile, organized and energetic individual to join our team to assist with shipping, receiving, in-store product loading, customer service and more during the spring season! This is an indoor and outdoor physical role with duties that change daily, so if you're looking for a dynamic position within a growing team, read on!

Overall, we're looking for someone who:

- Is a self-starter and able to work well both independently and as part of the team
- Is able to organize his/her work and prioritize tasks effectively so that team members and customers are well looked after and product is maintained to the highest quality
- Enjoys working in a fast-paced, interactive environment
- Has a proven track record of providing superior customer service (and genuinely enjoys helping customers and isn't afraid to show it)!
- Is careful and mindful of handling fragile, perishable materials
- Is neat, tidy, safety conscious and looks out for the well-being of others
- Has experience and certification to operate a forklift and skid-steerer
- Is capable of lifting 30-50lbs on a regular and sometimes repetitive basis
- Has a great sense of humour and willingness to learn
- Is willing to jump in and assist in any area of the organization, from bringing in sales carts to watering plants (and more)!
- Note: Knowledge of horticulture and horticulture products and related practical experience in plant and garden care, as well as cash handling experience, are definite assets. Please note that we are strictly a non-smoking worksite.

**Position Hours:** This is a part-time, seasonal position with an estimated end date of mid-June. Hours can be somewhat flexible to the candidate's availability, i.e. to co-inside with school schedules, but Tuesdays and Saturdays would be required days (weekend work is required).

If you are an enthusiastic, motivated person who meets the requirements of this position, we'd love to hear from you! Please complete an application form (available in store or print a copy from our website) and return it via one of the methods listed, to the attention of Erin.
